INFORMATION LETTER – 2016 MFT PAVEMENT PATCHING PROGRAM

Dear Project Area Residents, Institutions and Interested Parties:

On May 24, 2016 the Village Board approved the Village's Annual Pavement Patching Program. This work is anticipated to take place in August of 2016. GA Paving out of Bellwood, IL was awarded this year's pavement patching program. The awarded contract amount for this project is not-to-exceed \$125,000.00.

The purpose of the annual pavement patching project is to extend the life of roadways that are nearing failure which helps to supplement the Village's yearly road program. This allows us to repair multiple areas within the Village while maintaining safe travel passage for residents and motoring public. Please see the map below depicting the areas included in this year's patching program.

This letter is an effort to make this project go as smoothly as possible for the affected residents. At this time, the tentative anticipated start date is August 17, 2016, weather permitting. The completion date for the project is September 30, 2016. We anticipate this will be a one to two-week project; however, the scheduling is at the contractor's discretion and is subject to change. The working hours are from 7 AM to 7 PM from Monday through Friday. At this time, no Saturday work is anticipated.

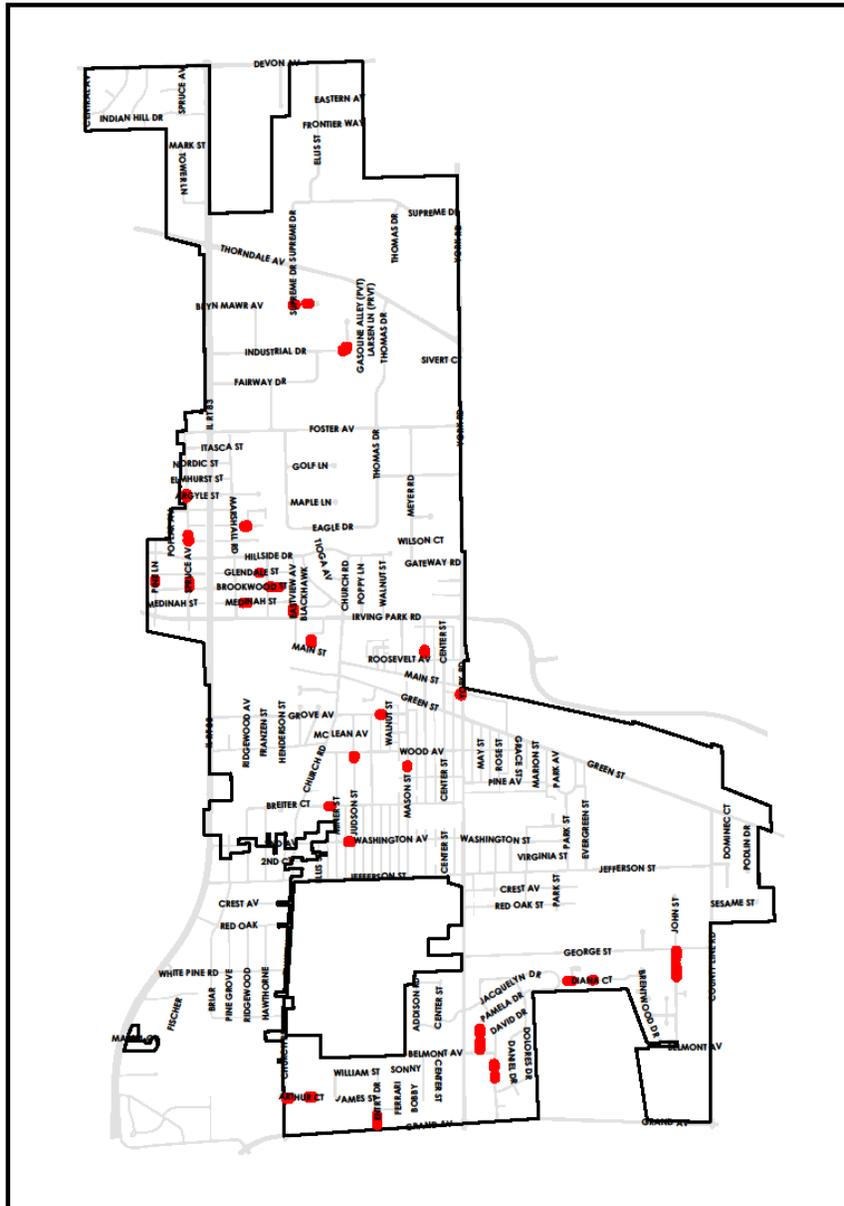

The scope of work includes grinding 3-inches of the existing pavement as marked in the field by Village staff and replace it with 3-inches of new Hot-Mix Asphalt Surface course material. This operation may cause temporary delays and inconvenience while the project is under construction. Please refrain from parking on the street during the project and exercise caution while driving through the project area.

In closing, thank you for your interest, patience and cooperation as we move through the construction stage of the project. Inevitably there will be disruptions and inconveniences to endure for a short period of time. Please contact Mike Beranek, Mehul Patel or myself at 630-350-3435 with any concerns, insights and suggestions. The Village and the contractor are all committed to keeping the lines of communication open and to have a successful and safe project.

Village of Bensenville

2016 Pavement Patching

Date: 7/12/2016

Very truly yours,

Joe Caracci, P.E.
Director of Public Works
