SPECIAL PROVISIONS

General

These special provisions, and the Standard Specifications, and the Supplemental Specifications shall govern the work for the of 2019-2020 CONTRACT LAWN MAINTENANCE in the Village of Bensenville, Illinois.

Scope of Work

The work under this project shall consist of one contract for all material, tools, and all necessary appurtenances required for 2019 CONTRACT LAWN MAINTENANCE and all other collateral work needed to complete the project as specified herein. Only contractors qualified to perform this type of construction shall bid this project.

The following general Special Provisions shall apply to the work required to complete the mowing, trimming, and policing required for the Village mowing sites, as identified weekly by the Community and Economic Development Department. The following shall be required to be completed by the contractor at each site during each mowing, and this work shall not be paid for separately but shall be included in the price of each Mowing Site Cost.

The selected Contractor shall designate one responsible company agent to act as an overall foreman. Said foreman shall be fluent in English. The foreman shall notify the Community and Economic Development Department or his designee 24 hours prior to every day that the Contractor will be working. Any work performed without said notification shall not be paid for.

The Contractor agrees to repair or replace, to the satisfaction of the Community and Economic Development Department, or his agent, any vegetation or property damaged by his operations. The Contractor will furnish all labor, materials and equipment necessary to perform the work as outlined in accordance with the enclosed specifics. Prices indicated on the bid proposal for this contract shall include all work contemplated by these specifications.

The Contractor shall submit bi-weekly invoices to coincide with the Village Board Warrant, along with request of payment, an itemized listing of "work performed," referring to the individual mowing addresses during the period covered for payment. This listing of "work performed" will be necessary prior to the releasing of any payment.

These Special Provisions are intended to include all information necessary for the work contemplated. In case, by inadvertence or otherwise, these Special Provisions omit some information necessary for that purpose, the Contractor shall, nevertheless, be required to perform such work at either no expense to the Village, or at a negotiated cost with the Village, so that the maintenance program may be accomplished according to the true intent and purpose of these specifications.

If the Contractor defaults or neglects to carry out the work in accordance with the contract specifications, or fails to perform any provision of the contract, the Village may, after seven days written notice to the Contractor and without prejudice to any other remedy he may have, make good deficiencies and may deduct the cost thereof from the payment then or thereafter due to the Contractor; or at it's option, may terminate the contract.

Height of Cut

Mowing Sites:

Mowing equipment will be set between 2" to 2-1/2 " at all times. Grass cut should be maintained at 2" to 2-1/2" throughout. In other words, mower setting should depend upon terrain being mowed to insure a final grass height of 2". The Village shall have the right to inspect all equipment and height of cut immediately after mowing for compliance.

According to Village Ordinance, a property is posted for tall grass when it grows to 8” in height. Once posted, the property owner has 7 days to comply otherwise the Village will cut the property. Grass being cut under this contract will be a minimum of 8” in height, and can be 12-14” in some cases.

Frequency

As directed by the Community and Economic Development Department.

Properties must be posted for 7 days once the grass grows to 8” in height per ordinance. The contractor will be notified on the same day each week for the properties that require cutting. There will be several weeks in between mowing each lot with no set schedule. Some weeks may have as many as 15 lots to be cut. Other weeks may not have any lots at all that require cutting.

Trimming

Final trimming around objects such as curbs, benches, signs, railroad ties, trees, shrubs, parking stops, posts, etc. will be accomplished with suitable mechanical equipment capable of providing the same cutting height as the rest of the property. Proper trimming shall be completed before that specific property and site is to be considered completed. Trees, shrubs and other plants shall not be "barked" by contacting them with the mowing equipment or string trimmers.

Trash/Debris

At each site, trash, debris, glass, rocks, etc. shall be picked up from the entire property and properly disposed of before mowing begins. Mowing over paper, cups, cans and other litter shall not be acceptable and shall result in no payment for that mowing.

Equipment Condition

All equipment shall be in good, safe, and proper operating condition. All mowing equipment shall have sharp blades so that the grass is cut properly. Any equipment leaking gasoline or oil shall immediately be removed from service and not allowed to be used again until said leak has been repaired.

Fuel/Oiling

Mowers shall not be fueled or oiled in grass areas. All equipment shall be moved to a concrete area to be fueled. Any worker caught fueling in a grass area may be removed from the project for the duration of the contract at the sole discretion of the Village.

Clippings

Grass shall be either mulched in place so as not to leave piles or clumps of clippings visible on the property, or it shall be collected and hauled away by the contractor, whichever method is selected by the Village after bid opening. Grass shall be cut in the direction that deposits the clippings in the opposite direction of pavement and landscape beds. If piles of clippings are found to be present on a property, services at said property will not be paid for by the Village.

Hours of Operation

The contractor may perform the work on any day or days of the week except Sunday. Work shall be performed between the hours of 7:00 a.m. and 7:00 p.m. The Community and Economic Development Department will notify the Contractor of any events or requirements that may impact or be affected by the performance of Contractor's maintenance duties and the Contractor shall reschedule his mowing schedule to accommodate the Village.

Personnel, Appearance and Uniforms

The Contractor's personnel shall, at all times, present a neat appearance, and all work shall be performed and all complaints handled with due regard to the Village of Bensenville's public relations. The Contractor's personnel shall, at all times, wear matching T-Shirts bearing the name of the contractor in large type. The Village of Bensenville and the Contractor will each be promptly notified by the other of any complaints received from nearby neighbors and property owners. At all times the Contractor's mowing crew foreman or crew leader shall have a copy of this contract's specifications and mowing sites list in their possession at the work sites and be familiar with its contents. The Contractor shall utilize competent employees in performing the work specified in this agreement. At the request of the Village of Bensenville, the Contractor will replace any incompetent, unfaithful, abusive or disorderly person in his or her employ.

Public Safety and Convenience

The Contractor shall exercise precaution at all times for the protection of persons and property. Safety provisions of all applicable laws and ordinances shall be strictly observed. Upon verbal notice from the Supervisor of Forestry or his authorized representative the Contractor shall discontinue said hazardous work practice. It is required that the Contractor keep the necessary guards and protective devices at locations where work is being performed to prevent injury to the public or damage to public to private property.

Fertilizing

No fertilizing is required in this contract.

Partial Payment

Payments shall be processed within 45 to 60 days. The payment form shall be the document that the Contractor shall submit each bi-weekly, along with request of payment, showing an itemized listing of "work performed," referring to the individual mowing addresses during the period covered for payment. This listing of "work performed" will be necessary prior to the release of any payment. Upon approval by the Public Works Department, the Village shall contact the Contractor to inform them of the approved amount for which the necessary lien waivers should be made. The waivers shall include all amounts paid to the contractors, subcontractors, suppliers, and their respective supporting lien waivers shall accompany the Contractor's request.

Supporting lien waivers for subcontractors and suppliers shall be prepared on double faced forms, one side entitled "Waiver of Lien" and the other side "Contractor's Affidavit". Each side shall be completely filled out. The Contractor's Affidavit shall show names of all suppliers and contractors providing material and services for the subcontractor. Partial waivers shall be on Form 1722 C.T. & T. Company.

Acceptance and Final Payment

Final payment will be made sixty (60) days after the work is fully completed and the contract fully performed.

Request for final payment shall be accompanied by the documentation outlined hereinbefore in the special provision covering PARTIAL PAYMENTS. Final lien waivers shall be on Form 1550 C.T. & T. Company.

Except as modified by the foregoing, final payment will be made in accordance with the requirements of Article 109.08 of the Standard Specifications as applicable to work.

Quantities for this contract shall be subject to the contract unit price applied to final measured quantities.

Neither the final payment nor any part of the retained percentage shall become due until the Contractor, if required, shall deliver to the Village a complete release of all liens arising out of this contract, or receipts in full in lieu thereof, and if required in either case, an affidavit that the releases and receipts include all the labor and material for which a lien could be filed, but the Contractor may, if any subcontractor refuses to furnish a release or receipt in full, furnish a bond satisfactory to the Village, to indemnify him against any lien.

If any liens remain unsatisfied after all payments are made, the Contractor shall refund to the Village all monies that the latter may be compelled to pay in discharging such a lien, including all costs and reasonable Attorney's fee.

Changes in the Work

The Village, without invalidating the Contract, may order extra work or make changes by altering, adding to, or deducting from the work, the Contract sum being adjusted accordingly. All such work shall be executed under the conditions of the original Contract, except that any claims for extension of time caused thereby shall be adjusted at the time of ordering change.

In giving instructions, the Village shall have the authority to make minor changes in the work involving extra costs and not inconsistent with the purpose of the work. Otherwise, except in an emergency endangering life or property, no extra work or change shall be made unless it is in pursuance of an order by the Community and Economic Development Department, and no claim for an addition to the Contract sum shall be valid unless so ordered.

The value of any such work change shall be determined in one or more of the following ways:

- a. By estimate and acceptance in lump sum;
- b. By unit prices named in the Contract and subsequently agreed upon;
- c. By cost and percentage;
- d. By cost and a fixed fee.

If none of the above methods are agreed upon, the Contractor shall proceed with the work, provided he receives an order as above. In such cases and also under cases (c) and (d), he shall keep account of the net cost of labor and materials, together with vouchers. In any case, the Supervisor shall certify to the amount, including reasonable allowances for overhead and profit due to the Contractor. Pending final determination of value, payments on account of changes shall be made on the Village's estimate.

Claims for Extra Cost

If the Contractor claims extra cost under this Contract either by drawings or otherwise, he shall give the Supervisor written notice thereof within a reasonable time after receipt of such

instructions, except in emergency which endangers life or property. The procedure shall then be as provided under CHANGES IN WORK. No such claim shall be valid unless so made.

Correction of Work Before Final Payment

All materials determined by the Village as failing to conform to the Contract shall be promptly removed from the premises by the Contractor, whether incorporated into the work or not. He shall promptly replace and re-execute his own work in accordance with the contract and without expense to the Village. He shall bear all costs of making good the work of other contractors which is destroyed or damaged by such removal or replacement.

If the Contractor does not remove such non-conforming work and materials within a reasonable time as fixed by written notice, the Village may remove them and store the material at the expense of the Contractor. If the Contractor fails to pay the expense of such removal within ten (10) days thereafter, the Village may, upon ten (10) days notice in writing, sell such materials at auction or private sale and shall account for the new proceeds thereof after deducting all cost and expense that should have been borne by the Contractor.

Payment Withheld

The Village may withhold, or on account of subsequently discovered evidence, nullify the whole or part of any payment certificate to such extent as may be necessary to protect itself from loss on account of:

1. Defective work not remedied.
2. Claims filed or reasonable evidence indicating probable filing of claims;
3. Failure of the contractor to make payments properly to subcontractors or for material or labor;
4. Damage to other contractors' tools, materials, work or equipment;
5. Damage to public or private property.

When the above grounds are removed, payment shall be made for amounts withheld because of it.

Deductions for Uncorrected Work

If the Village deems it inexpedient to correct work done in accordance with the Contract, an equitable deduction from the Contract price shall be made therefrom.

Public Safety and Convenience

During his operations, the Contractor shall keep the site of the work and adjacent premises as free from material, debris, excessive dust, and rubbish as is practical and shall remove same entirely and at once, if, in the opinion of the Supervisor, such material, debris, excessive dust or rubbish constitutes a nuisance, a safety hazard, or is objectionable in any way to the Public.

Before the final acceptance of the work, the Contractor shall remove all temporary work, equipment, unused and useless materials, rubbish, debris, etc. and shall leave the site of work in a neat and presentable condition wherever his operations have disturbed conditions which existed at the time of starting work. The cost of this cleaning up shall be incidental to the contract.

The Contractor shall be liable for damages to property, real or personal, which may arise from his operations under this contract. All existing structures in the vicinity of the work shall be protected against damage during performance of the work.

The Contractor shall protect pedestrians, vehicles, streets, sidewalks and buildings against damage. Any damage so resulting shall be entirely the responsibility of the Contractor.

Noise Restrictions

All engines and engine driven equipment shall be equipped with an adequate muffler in constant operation and properly maintained to prevent excessive or unusual noise.

This time regulation shall not apply to maintenance or operation of safety and traffic control devices such as barricades, signs, and lighting, or to work of an emergency-type nature.

Exceptions: Any machine or device or part thereof which is regulated by or becomes regulated by Federal or State of Illinois noise standard shall conform to those standards.

Requests to modify or deviate from these requirements shall be submitted in writing by the Contractor and must be approved in writing by the Supervisor.

- 13) Bid Award - The bidder acknowledges the right of the Village to reject any or all bids and to waive informality or irregularity in any bid received and to award each item to different bidders or all items to a single bidder (to accept, split, and or reject part(s) of any of all bids). In addition, the bidder recognizes the right of the Village to reject a bid if the bidder failed to furnish any required bid security or to submit the data required by the bidding documents, or if the bid is in any way incomplete or irregular.

AWARD OR REJECTION OF BIDS

- 1) Award or Rejection - Contracts are awarded to the lowest, most responsible bidder. In determining the responsibility of a bidder, the following are taken into consideration:
 - a) The character, integrity, reputation, judgment, experience and efficiency of the bidder;
 - b) The current, uncompleted work in which a contractor is involved, which might hinder or prevent prompt delivery of the Merchandise;
 - c) The financial resources of the bidder;
 - d) Cash discounts offered;
 - e) Quality, utility, suitability of work or material: the quality of the commodity to be furnished, as well as the price therefore, is to be taken into consideration, and a bid which is low in point of price may be rejected if the material to be furnished is not the best;
 - f) Direct, indirect and incidental costs to the Village;
- 2) Notice of Award - A delivered executed contract shall be the binding contract.

CONTRACT PROVISION

- 1) Material, Equipment, and Workmanship: - Unless otherwise specified, the materials and equipment incorporated in the Goods will be new and of good quality. All workmanship will be of good quality and free from defects. CONTRACTOR shall, if required to furnish satisfactory evidence as to the source, kind and quality of the materials and equipment incorporated in the GOODS.
- 2) Village Supervision - The Village Manager, or his/her designee, shall have full authority over the contracted work. He/she will interpret specifications in the event of a dispute. He/she may order minor changes in a specification if it becomes obvious to do so. Major changes will be treated as “additions”.
- 3) Village Insurance Requirement – Contractors shall procure and maintain for the duration of the contract insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the work hereunder by the CONTRACTOR, his agents, representatives, employees, or subcontractors.

Minimum Scope of Insurance Coverage shall be at least as broad as:

- (1) Insurance Services Office Commercial General Liability occurrence form CG 0001 (Ed. 11/85) with the Village of Bensenville named as additional insured; and
