Bensenville Welcomes Mobile Welding Program for Young Adults

Bensenville, IL – On September 10, 2018, Village President Frank DeSimone, Village Manager Evan K. Summers, and Chamber of Commerce President Pete Gallagher welcomed a mobile welding program to Bensenville.

The five-week long fast track program is provided by First Institute Training and Management, Inc. The program provides students with the knowledge and skills to help get a job once it has been completed. There are a total of five candidates that qualified for the program in Bensenville. Following the completion of the five-week course, students receive a welding certification which is an industry recognized credential. After the training, each student will be provided a paid apprenticeship at local businesses.

“While most communities work hard to recruit new business, Bensenville’s 360 degree approach to economic development also places a priority on matching people, skills, and businesses together to ensure a strong financial future for all parties,” said Village President Frank DeSimone.

About Bensenville: Bensenville is conveniently located just 20 miles west of downtown Chicago in DuPage County, adjacent to O’Hare International Airport, surrounded by major expressways, and boasts several public transportation options including a Metra commuter station. With plenty to offer both families and businesses like brand new schools, great parks, and special events year round, Bensenville really is the “Gateway to Opportunity.” Please visit our website at: www.bensenville.il.us
