White Pines Water Main Improvements Project

October 3, 2018

Representatives from Christopher B. Burke Engineering, Ltd (CBBEL) will be in the White Pines area starting Tuesday October 9, 2018 (weather permitting) to begin acquiring supplemental topographic survey for the Water Main Replacement Project. Crews will be utilizing survey equipment to assist in the design of the project. All crew members will have safety vests and ID with them to identify them as CBBEL workers. This work should last approximately one week (weather permitting).
